“ Lovely service! Really nice to see everyone's faces. I'm grateful that we have the video participation as an option, and especially the ability to watch again. ... I miss the phone chats I had with Annalee. We got into the habit of reviewing the daily news, and especially information about the pandemic. For years, I have turned a cold shoulder to the news (most of it is bad and very little that I could do about any of it), but now I am realizing that her approach to the world is "right on"... be in the world (so read the news) but not of the world (don't take it on personally, ... just one small example of that wise approach to life). So I'm keeping this new habit and remembering her and my Dad (who always loved keeping up with events) and my Mom. ... My Dad was really suffering after my Mom passed. I am so happy that he met and married Annalee. They had many, many happy years together. I was always so impressed that every holiday meal, Annalee would make a couple of Cherry Pies: my Mom's recipe! Annalee brought much joy into our family. May she rest in peace.

“ Annalee was so eager to be with her Heavenly Father, that even though I will miss her so much, I am rejoicing that she is where she wanted to be. We enjoyed a beautiful time together all the time she was at the Legacy.  
Rest In Peace Annalee, I will never forget you.
